· MAGDALEN ASYLUM.

Honorary secretary, Mrs. Firth. Treasurers, Messrs. Arbuthnot & Co.

This Institution was established in the year 1850, to afford a refuge and temporary home to such fallen women of European and East Indian parentage, as may desire to seek shelter within its walls, and who are anxious to be helped to

earn a livelihood.

The Bishop of the Diocese is President of the Institution, and appoints the Chaplain, to whom is entrusted the religious instruction of the inmates. A head matron and an assistant reside on the premises. No restraint whatever is used, beyond the attractive influences of Christian sympathy and kindness; the inmates are as free to leave as they were to come, the object being not to make it a Penitentiary but a Christian Home.

HOME FOR DESTITUTE INFANT CHILDREN.

ESTABLISHED 1882. Patron-The Lord Bishop of Madras. Patroness-Miss Gell.

Through the kindness of the Lord Bishop of Madras, an "INFANTS' Home" has been opened in St. Thome, where destitute little ones of European descent are boarded and cared for, till they are old enough to be admitted into Industrial or other Schools, in the hope that, by taking them away at an early age from evil examples and surroundings, and training them in Christian habits, they may be saved from the life of mendicancy and degradation which otherwise awaits them, and from swelling the ranks of that class, which is so great a burden to the charitable inhabitants of Madras.

Its energising effects are shown from the first day of its administration by a remarkable increase of Nervous and Intellectual Power, with a feeling of Courage, Strength, and Comfort to which the patient has long been unaccustomed. Digestion is invigorated. The appetite increases wonderfully. The bowels become regular. Sleep becomes calm and refreshing, the face becomes fuller, the lips red, the eyes brighter, the skin clear and healthy, and the hair acquires strength showing the importance of its action on the organs of nutrition.

DR. LALOR'S PHOSPHODYNE.

MURRAY'S HANDBOOKS

TRAVELLERS AND RESIDENTS IN BRITISH INDIA

BY E. B. EASTWICK, C.B., F.R.S., F.S.A.

"To the general reader Mr. Eastwick is probably best known by his admirable guide-books of India, prepared for Mr. Murray's series. Unlike most guide-books, they are not more compilations, and may be read with pleasure even by those who have no intention of visiting the places which they describe. Some of them, indeed—notably the 'Handbook of India,' published in 1859—read in many parts like dashing narratives of adventure."—Athenæum.

I.—HANDBOOK—BOMBAY, POONAH, BEEJAPOOR, KOLAPOOR, GOA, JUBULPOOR, INDORE, SURAT, BARODA, AHMEDABAD, SOMNAUTH, KURRACHEE, MOUNT ABOO, &c. Map. 15s.

This Handbook has been so completely re-written that it might fairly be called a new book. All the most important places in the Bombay Presidency have been recently visited by the Author, and in particular the province of Kathiawar has been thoroughly examined.—Preface.

II.—HANDBOOK—MADRAS, TRICHINOPOLI, MADURA, TINNEVELLY, TUTICORIN, BANGALORE, MYSORE, THE NILGIRIS, WYNAAD, OOTACAMUND, CALICUT, HYDERABAD, AJANTA, ELURA CAVES, &c. Map. 15s.

The First Edition of this Handbook was published in 1859. Railways and other changes have been made, so that it has been necessary to re-write the work. The Author has visited almost all the places, so that the latest particulars regarding their condition will be found here, as well as the means for visiting them. Descriptions of many important places have been added; all obsolete and unnecessary matter has been excluded; and references are given to books which will enable those who desire it to study the history of the country.—Preface.

III.—HANDBOOK—BENGAL, CALCUTTA, ORISSA, BRITISH BURMAH, RANGOON, MOULMEIN, MANDALAY, DARJILING, DACCA, PATNA, GAYA, BENARES, N.-W. PROVINCES ALLAHABAD, CAWNPOOR, LUCKNOW, AGRA, GWALIOR, NAINI TAL, DELHI, KHATMANDU, &c. Map. 20s.

No Handbook of the whole Bengal Presidency has hitherto been prepared. There have been Guide-books to some of the cities, such as Calcutta, Delhi, and Agra, but of the routes thether and the intermediate districts, no connected account has been attempted. As very few travellers who visit Calcutta would be content with seeing merely that portion of our Indian Empire which is under the Lieut-Governor of Bengal, the routes to the chief places in Oudh, Rohilkhand, the N.-W. Provinces and Burmah have been added.—Preface.

IV.—HANDBOOK—THE PUNJAB, WESTERN RAJPUTANA, KASHMIR, AND UPPER SINDH. Map. 15s.

This volume completes the HANDBOOKS OF INDIA, and is intended to guide the traveller to and through a great part of Rájputáná, and those northern provinces of India which are directly, or indirectly, ruled by the Lieut-Governor of the Punjab. They cover an area several thousand miles greater than that of Germany. No territory in the world of equal extent possesses so great a variety of scenery, beginning from the vast plains round Delhi, and bordering the Five Rivers, and ending with the towering heights of the abode of snow, where the Nangá Parwat, one of the highest mountains known to man, rises to an altitude of 26,629 feet or more.—Preface.

THIS is the best apparatus yet produced for giving from One Original Writing hundreds, and over a thousand, facsimile copies of Writings, Drawings, Plans, and Music. It is specially suited for the climate of India. Purchasers are particularly warned to see that the prepared paper used with the Machine bears at the bottom the stamp of the inventor D. Gestetner, as none other is genuine and gives good results, and the Proprietors have reason to believe that unscrupulous persons are sending worthless imitations out to India.

The Cyclostyle Pen also has stamped on the shank the signature D. Gestetner.

BLAND'S RIFLES & GUNS.

EXPRESS DOUBLE RIFLES,

*360, *400, *450, *500, AND *577 Bores.
From 20 Guineas upwards.

TESTIMONIAL.

From Edward J. Jekyll, Esq., Zierow, Wismar, Mecklenburg-Schwerin, Aug. 9, 1884.

"In fulfilment of my promise, I write to report on the 450 '400 Express Double Rifle you built for me last spring. It is exceedingly neat and handy, and its shooting, both with solid and expanding bullets, is most accurate. My two last shots have been as follows: First at a red deer, whose head alone was visible over the brow of some steeply-rising ground; the expanding bullet struck him between eye and ear, and he fell on the spot; second, with solid bullet, a roebuck, shot, through the heart, dead at ninety yards."

"THE CAPE GUN,"

A RIFLE AND SHOT GUN COMBINED. Price 16 Guineas.

The "Field" writes of "The Cape Gun: " "Selecting one at random from stock, we tried the Rifled barrel, first at 70, and afterwards at 100, yards, from an ordinary rest, and were able to PUT BALL UPON BALL AT BOTH DISTANCES, so that the truth of its shooting from the rifled barrel is good enough for any purpose, and, indeed, CANNOT BE EXCELLED EVEN BY THE MOST EXPENSIVE RIFLE IN THE MARKET."

THE "WILDFOWLER'S GUN,"

CENTRAL-FIRE BREECHLOADING 4-Bore. With Nickel-plated Furniture and Silver's Recoil Pad.

21 Guineas.

8-Bore, Double, 21 Guineas. 8-Bore, Single, 16 Guineas.

TESTIMONIALS.

From R. C. T. HILDYARD, Esq., Longview Tea Estate, Pankabaree, Assam, March 4, 1883.

"As regards the 8-bore (wildfowl gun) it is simply splendid. I shot a peafowl with it at ninety yards with No. 5 shot, falling stone dead. As for ducks, they can't make it out at all; they rise, as is their habit, about fifty yards off, thinking they are quite safe; but they find out their mistake with the 8-bore. I shot several widgeon at over 120 yards with No. 5 shot. As regards the 16-bore, Keeper's gun, my ordering two more speaks for itself."

From Ewen S. Cameron, Esq., Burgar, Evie, Orkney, July 7, 1884.

"I ought to have written you long ere this to tell you how surprised and pleased I was with the shooting of the 4-bore (wildfowl gun), which you sent me in Orkney for my last winter season. Hitherto the shyness of the ducks, combined with the wildness of the Orkney winter sea, had prevented my bringing to bag, even with the double 8-bore, any but the commonest specimens. But with the 4-bor I was speedily able to add to my collection the long-tailed ducks, the golden eyes, goosanders,

and other specimens, which it is unnecessary for me to enumerate. For a more definite illustration of the shooting powers of the gun I may tell you, that I office shot thirteen golden plover, feeding in the rotten ware on the seashore, with No. 5 shot, at 100 paces.

From H. A. N. ATKINS, Esq., Warrenpoint, co. Down Ireland, Dec. 4, 1884.

"I have much pleasure in stating my satisfaction with the 4-bore gun purchased from you three years ago. I have killed widgeon at over 200 yards; and two months ago killed six green plover at 170 yards."

"THE KEEPER'S GUN,"

"THE KEEPER'S GUN," NEW MODEL. Price 10 Guiness.

"THE KEEPER'S GUN,"

HAMMERLESS. Price 12 Guiness.

TESTIMONIALS.

"Stonehenge," in "British Rural Sports," at p. 56, writes: "Many good makers, however, now sell good strong guns at £15; but Messrs. Bland and Sons, of the Strand, have obtained a reputation for what they call a 'Keeper's' gun, at the price of 6 guineas if cylinder, or 7 guineas if choked."

In evidence of the shooting powers of these guns, we quote the following from the Report of the Committee of the Field Trial of Guns of 1879: "All their guns (Messrs. Bland's) were veritable 'Keeper's' guns, as admitted by the several competitors, and were selected from ordinary stock; and, looking at them as cheap guns, not got up regardless of cost, as was the case generally, their performance was highly oreditable; indeed, the 16-bore at 60 yards shot marvelfously well, being third on the whole list of twenty-one guns."

"One who has fired 20,000 trial shors at marks," hims alf a member of the "Field Gun Frial Committee," wrote as follows: "I have every reason to believe that Messrs. Bland are most highly respectable and reliable makers, and assuredly turn out very good guns at remarkably low prices, and the very fact that they supply guns with barrels made from Messrs. Marshall's iron is so far a guarantee of this."

BLAND'S SELF-EXTRACTING ARMY REVOLVER.

'450, '455, or '476 Bones. Price £2 17s. 6d.

"The Field," of 24th March 1884, writes: "We have tested this revolver with nearly one hundred rounds, without fouling so as to create any difficulty in manipulation. With regard to accuracy, WE HAVE MADE EXCELLENT PRACTICE WITH 1T: that is to say, AS GOOD AS WITH ANY REVOLVER WHICH WE HAVE YET TRIED.

BLASTING GELATINE, DYNAMITE, AND DETONATORS

According to the Tests imposed by, and under the inspection of, the British Government.

The Company's Agents in India are prepared to supply the above-named explosives from their Magazines at Calcutta, Bombay, Madras, and Calicut on the Malabar Coast. They also keep in stock a large and varied assortment of Bickford's Patent Safety "Time" Fuses, suitable for wet and dry blasting work, as well as for subaqueous blasting; Instantaneous Fuses made up in groups for firing a number of shots simultaneously; Iridium Platinum Wire, for making electric fuses; Electric Batteries; Siemen's Electric Exploders and Electric Field Telegraph Cables, Outpost Cables, Blasting Cables for mining, pit-sinking, &c., &c.; Cables for Torpedo experiments, submarine and subaqueous blasting; Chatterton's Compound India Rubber Solution, &c., &c.

N. B.—Blasting Gelatine is 50 per cent. more powerful than Dynamite; its action is not of so shattering a nature as Dynamite, but has a more rending and far reaching effect; it is insoluble in water and not liable to exudation; it takes a stronger detonation to explode it than does Dynamite; it consists of 93 per cent. of Nitroglycerine and 7 per cent. of Collodion Cotton; and is the most perfect, powerful, and safest commercial explosive made.

YEAR 1885.

THE COMPANY have been awarded a Gold Medal at the Inventions Exhibition, in London, for the successful application of Nitroglycerine to explosive purposes as effected by detonation, and for the excellence of their method of manufacture.

"THILUM" is a certain and speedy cure for ITCH, Scorpion Sting, and Mosquito Bites.

"THILUM" TESTIMONIALS.

HENRY'S "Thilum" has been used in my own family, and its use recommended by me to others. As an emollient, anodyne, and detergent application, it is one of surpassing virtue. In Rheumatic affections, its efficacy, when well rubbed in, cannot be questioned; while its fragrance effectually meets one of the greatest objections to unquents in general.

BARMORE, BRIDGE OF ALLAN, 23rd June, 1881.

W. J. VANSOMEREN, M.D., Surgeon-General (Madras, Retired).

"WHEELING," of 29th July, 1885, at page 215, says: We have tried it in many cases, and can vouch for its value. To those who are in the habit of using Elliman, we say try "Thilum." It is quicker in effect, stronger and less wasteful. The Agent sends us a letter he has received from a well-known wheelman:—"Will you please send me two more boxes of 'Thilum.' I believe it to be the best thing for wheelists. Send at once, as I want my friend, who is going for a long ride, to try it." "Thilum" strengthens the muscles and keeps one in good trim.

"WHEEL WORLD," FOR JULY, 1885, AT PAGE 44, SAYS: Balm for Wounds.—A recent introduction from India is called "Thilum," and aims at once to remove Stiffness, to cure Cut and Bruised-flesh, and to relieve Neuralgic pains; having also the vast actionizes of portability—a point in which other specifics are sadly deficient. It is undoubtedly a powerful remedy, and inasmuch as a box of it is no larger than an ordinary watch, its compactness should render it a favourite with the tourist, as well as the racing cyclist.

"THE PROVINCIAL NEWS AND CYCLING RECORD," OF JULY 25TH, 1885, AT PAGE 5, SAYS: Athletes, Cyclists, and others will thank us for calling attention to "THILUM," a new remedy for Bruises, Sprains, and Rheumatic effect of Chills. It is claimed for it that it is applicable to all ordinary cases where domestic treatment only is needful. We have not only heard well of it, but have given it practical trial, with most satisfactory results. It is in the form of an ointment, delicately scented. It should be in every home.

"THE CYCLIST," of 5th August, 1885, at page 1,043, says: "Thilum."—When we introduced this preparation to our readers a few weeks since, we did so upon the experience of a proxy. Since then we have had the pleasure of a personal application, for, one day last week, when riding from Daventry rather smartly, our right knee gave out, and it was with some difficulty we reached home. The application of "Thilum," however, to the knee-joint that night, the next morning, and the following evening, effectually settled the matter, and we have felt nothing of the weak knee since. On a subsequent occasion, too, we mounted a tandem, on which the handles were too low, and struck our thighs each time

the pedals went round. A smart ride of ten miles upon this machine induced a painful bruise, and we fully expected being stiff and lame the next day. A good application of "Thilum," however, after a bath in the evening, likewise settled this matter, and we felt no more of the inconvenience. A member of our staff speaks highly of it as a cure for toothache, and altogether it has, in our hands, proved itself to be all that its introducers claim for it; and we can thoroughly and strongly recommend it.

- S. GÖLDER, 65, Butts, Coventry, writes on August 4th, 1885 :-
- "Please send me a large tin per return, as I am off for a tour. Find it better than Elliman's Embrocation."
 - · C. KERSLAKE, 298, Lynton Road, Bermondsey, writes, 15th May, 1885:-
- "Please send me two more boxes of 'THILUM.' I have used it for various purposes, but I never knew its real value until I tried it on my hand after having had a nasty blow from a cricket-ball whilst playing in a match. The skin was broken, and I applied 'THILUM,' and in less than two days it has completely healed."

RHEUMATISM, SORE THROAT, HEADACHE.—Permit me to add my grateful testimony to the efficacy of your valuable "Thilum."

I have found it a blessing. For months I have been suffering from acute Rheumatism, and in vain tried numerous remedies prescribed by medical men, all without obtaining relief. I had quite lost the use of my knees and arms, when I commenced to use your Thilum, and, I am thankful to say, I have now recovered the use of my knees, and am almost free from pain in my arms. I have also used your Thilum for Sore Throats and Headaches with equal success.

ELLEN SIMKINS.

"Stonehenge," Blackgang, Isle of Wight, 14th April, 1885.

Dear Sir,—I must write and tell you of the wonderful usefulness to me of your "Thilum," when lately in Manitoba, North-West Canada, where I found it of the utmost efficacy in allaying the irritation from the bites of mosquitoes. I also gave some "Thilum" to a man there, who had spent a week in the open air, in wet clothes all the time, and who was laid up so badly with Rheumatism as to be utterly unable to move hand or foot. A thorough application of "Thilum" afforded immense relief, and two more applications so relieved him as to enable him to walk twenty miles to his destination, three days after I first saig him. I could not have believed it possible, had I not seen it myself. I am quite sure "Thilum" has only to be known to be appreciated, and as I know you will be gratified to hear of its being efficacious in a climate so severe as that of Manitoba, I feel I ought to bear my testimony of it.

"THE CHESTNUTS," Streatham, April 12th, 1885.

Dear Sir,—I have had three boxes of your "Thilum," and it has given me very great satisfaction in cases of gravel, rash cramp in fingers and legs, bruises, sprained tendons, and stiffness. I can recommend it to all cyclists and others. Please send me another box, same as last, as soon as possible.

ARTHUR S. BOWLEY,

Captain, Streatham Bicyclist Club.

· Coventry, 12th September, 1885.

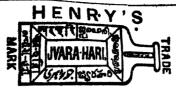

FOUND "THILUM" very useful during our Irish tour. Several days we got wet through, but after a bath, and rubbing "THILUM" well in, we suffered no ill effect, and were not troubled with stiffness.

S. GOLDER.

^{26,} NEWMARCH STREET, Jarrow, August 30th, 1885.

[&]quot;THILUM" is a splendid preparation for any kind of wound likely to be received by a cyclist. I have had two or three "spills" since I received your sample, and in every case where "THILUM" was applied, whether the skin was broken or only bruised, it healed the sore almost magically.

JOHN FAIRLAND.

Is, what its name implies, Fever Destroyer; and is therefore gaining the implicit confidence of all classes of the community. For fevers of all descriptions, but particularly for Simple or Continued, Malarious (jungle fever), Remittent and Intermittent types, it is the acknowledged remedy and by far the cheapest ever offered to the public. Though of course bitter, it has a very agreeable flavor, is easily administered, and possesses the alt-important advantage over other febrifuges, inasmuch as it may be administered when Fever is on.

• In small doses "JVARA-HARI" is a spleaded tonic, while for dissipating an ordinary cold, it is unrivalled.

IMPORTANT CAUTION.

It is necessary to caution the public against spurious counterfeits, bearing somewhat similar names of this popular remedy. More than one of such counterfeits are in the market. Insist on getting Henry's "JVARA-HARI." None genuine that does not bear on the labels facsimile signature thus—

7. Hury

which, together with the words "JVARA-HARI," are registered trade-marks. To use, or imitate either, is felony.

DIRECTIONS FOR USE.

For Adults, 40 to 80 drops.

For Children, up to 15 years of age, 5 to 40 drops according to age, to be taken in a wineglassful of water, 3 or 4 times a day, either when fever is on, or in the absence of fever.

As a rule, these doses are sufficient; but if they do not have the desired effect, the

dose may be increased.

N.B.—With many constitutions, particularly with natives, "JVARA-HARI" acts more quickly and powerfully, especially if administered when the fever is on, if given with hot instead of cold water.

For a Cold, 15 to 30 drops in half a wineglass of water, to be repeated in about 3 hours, if necessary.

As a Tonic, 10 to 20 drops in half a wineglass of water, half an hour before meals.

Prices of "Jvara Hari."

½-ounce bottle ... Ans. 8 each. | 1-ounce bottle ... Re. 1 each. ... Rs. 1-8 each.

Packing, 4 annas for one bottle; 6 annas for two, and 8 annas for three or more bottles. If six bottles are taken in one package, no charge for packing.

TESTIMONIALS.

ALLOW me to testify, in conculsion, to the efficacy of both your "THILUM" and "JVARA-HARI," samples of which you were good enough to give me when in Madras. The "THILUM" had a wonderfully curative effect on a very severe Sore Throat that I suffered from, which it relieved instantly; while the "JVARA-HARI," I used with great effect on a lady who was suffering from a bad attack of Malarious Fever in the Central Provinces, apart from any business consideration. I feel sure Mr. Bowden's Specifics, for such they are, only require to be well known for a demand to spring up in Beugal that would heavily tax your supply. Rest assure that my own experience will carry weight in the matter, and I shall unhesitatingly recommend it to my own friends.

CALCUTTA. 8th October, 1885.

R. KNIGHT, Calcutta.

THE HONORABLE G. O'CALLAGHAN, UnBALLA, writes :- "Jvara-Hari." It is a dead cure for fever amongst natives; they all swear by it and say that it is worth Quinine a hundred times over; so please send six bottles more.

Please send me three 1-oz. bottles of your "Jvara-Hari." I have been very successful so far, and in one or two cases have completely cured fever, which would not yield to Quinine.

E. G. DIXON, Col., RAIPORE, 24th November, 1884. Gondg. 8th Regiment, M.N.I. Also, please send me six 1-oz. bottles of your "Jvara-Harl." It is A 1 for fever. E. G. DIXON, Col., RAIPORE, 6th November, 1884. Comdg. 8th Regiment, M.N.I.

I have suffered for eight long months with Assam (bad Malarious) fever, and took 21 ounces of Quinine and 105 grains (min. ?) of Tincture of Arsenicum, but nothing had the desired effect but Henny's "JVARA-HARI," which I consider worth its weight in gold. It was recommended to fee by a friend, after I was thoroughly disgusted with all medicines, and no hope of ever getting rid of the nasty fever; and on his recommendation ordered half dozen bottles; so, from personal experience, I can state that it only wants to be tried to be always used.

CALGUTTA, 29th February, 1884.

E. GASPÉR.

I have much pleasure in testifying to the efficacy of your "JVARA-HARI." I have tried the medicine this morning on a patient, who was suffering from Intermittent Fever for the last three days, and, wonderful to relate, by the evening he was perfectly cured. I administered only one dose of 40 drops in half a wineglass of water, and its effect was simply magical. I think it cannot be too widely known. O. WATKINS.

PULIVENDAL, 21st February.

Apothecary in medical charge, Pulivendal.

THE "JVARA-ARI" has done us a very good service, particularly in Malarious Fever; and can highly recommend it as an invaluable medicine.

Sore Back,—I have tried your sample of "Hippacea" on one of my herses with a sore back. It was a very severe case, caused by a side saddle, when hunting in a hilly country. I found it heal the wound, and also encourage the growth of the hair more quickly, and better than any remedy I have ever yet tried; and, in a slight case, it was really wonderful. Being the hunting season, and my horses so liable to hurt, I sent at once for more "Hippacea," not caring to be without any in my stables, having found its really excellent virtues.

THE "RENAISSANCE" ALBUM. New Hinminated Album by Professor Francis Peschbach, one of the most eminent German critics of decorative art 7r—Bound in Calf, with special Benaissance design stamped in gold very rich New Patent Lock Clasp Rs 50 One, slightly chafed underneath, scarcely discernable, reduced to Rs 45)

THE K C ALBUM —This Album will recommend itself to the public on account of its Ontire dissimiliarity to any other unimased Album yet published, the Drawings, clever and original in conception (figure subjects), being illustrative of appropriate quotations from our favorite poets. Some of the subjects are highly humorous, others expressing thoroughly the sentiment of the quotation for lastance we have a drawing of the interior of a room a gentleman seated dry the fire, elbow on knee and head resting on his hand, over the mantlepiece two openings for cartes de visite and this quotation, "When musing on companions gone, We doubly feel ourselves alore."

Another illustration is a young lady tripping across a rustic bridge and peeping round at a space for a cabinet portrait; the quotation,

"I see a god like portrait there"

Each of the twelve different illustrations is equally expressive. The price at which the Album is published is such as to place it within the reach of all. The padded Bindings are adopted for all qualities excepting the lowest price, which is in morocco, relief patterns.
